

CI H30

The professional hot water pressure washer CI H30 is equipped with a three-phase electric motor to ensure excellent performance even in the most difficult environments. Characterized by a compact, solid and robust structure, it is a high pressure machine perfect for professional and intensive use

Technical Data

Maximum pressure (bar/psi) 190/2800
Maximum flow rate (l/h) 780
Hot water type
Δt (°C) 45
Absorbed power (KW) 5.0
Power supply (V/Hz) 400/50
Three-phase electric motor (type/hp) with thermal protection
Rotation speed (rpm) 1450
Ceramic piston pump (type) with connecting rod-crank system
Pump head (material) in brass
Net weight (Kg) 85
Machine dimensions (L x H x W) (mm) 1000x820x570
