

Cizar Hand Wash Industrial (Heavy Oil & Grease)

Cizar Hand Wash Industrial is a powerful bio-enzyme-based hand cleaning solution specially formulated to remove heavy oil, grease, grime, carbon, and industrial dirt from hands without causing skin dryness. Designed for workshops, factories, garages, and industrial environments, it delivers effective cleaning while being safe, non-toxic, and environmentally friendly

Features :

- GreenPro Certified.
- pH Neutral, 100% organic and natural.
- Powered with proprietary bio enzymes.
- Safe for the environment, non-toxic and non-corrosive.
- Completely free from bleach, ammonia, acids or alkalis and other toxic chemicals.
- Highly concentrated formulation, very cost-effective.
- Made in Bharat (India).

Capacity :

- 5 Litres Can Packaging
- Also available in 500 ml bottle variants

Application Areas :

- Automobile workshops and garages
- Manufacturing and industrial plants
- Engineering and fabrication units
- Mechanical service centers
- Oil and grease handling environments
- Maintenance departments and workshops
- Printing and machinery industries
- Warehouse and logistics operations
- Heavy equipment maintenance areas
- Industrial housekeeping applications

Instructions for Use :

Normal Soiling :

- Apply a small quantity directly on wet hands
- Rub thoroughly to remove oil and grease
- Rinse with clean water

Heavy Soiling :

- Apply generously on dry or wet hands
- Scrub for 15–20 seconds for deep cleaning
- Rinse properly with water after cleaning

Usage Methods :

- Suitable for regular industrial hand cleaning
- Ideal for workshops and heavy-duty maintenance environments
